OUT OF ZONE REPORT

SUMMARY

The Out of Zone Report is a school by school report of students who are not enrolled at their assigned school, based on geocoding of their primary residence address in Infinite Campus on Validation Day, September 30, 2016.

This report incorporates: (1) the total number of zone variances approved; (2) the total number of Board-approved zone options, magnet school and program requests, Prime 6 and minority-to-majority requests granted; and (3) the impact of all exceptions approved on the capacity and racial and ethnic diversity of each school. This information is formatted alphabetically by school type (elementary, middle, high school and special/alternative schools).
