EVALUATE SCENARIO(S) FOR FOCUS AREA E1 FOR ELEMENTARY SCHOOLS.

Becky Nielson read the description of Focus Area E1. She said this is to establish an attendance boundary for the new elementary school at Chapata Drive and Casady Hollow Avenue scheduled to open 2021 and evaluates the existing attendance boundary of Lorna J. Kesterson, Ullis Newton, John C. Vanderburg/ Neil C. Twitchell Elementary Schools.

Rick Baldwin reviewed the three scenarios for this focus area. He stated that these scenarios had been discussed several times at prior meetings.

Justin Hepworth asked Rick Baldwin if there was any benefit in moving more than one scenario to proposals.

Rick Baldwin stated that if the Commission only felt comfortable with one proposal that is completely valid.

Justin Hepworth asked if taking only one proposal to public input would limit AZAC to make any tweaks later on in their recommendation.

Rick Baldwin stated that once a scenario is moved to a proposal AZAC is then limited to only using what is on the proposal or using a smaller area within that proposal to make a recommendation.

EVALUATE SCENARIO(S) FOR FOCUS AREA E2 FOR ELEMENTARY SCHOOLS.

Becky Nielson read the description of Focus Area E2. She said this evaluates the attendance boundaries of Linda Rankin Givens, William Lummis, and Billy and Rosemary Vassiliadis Elementary Schools attendance boundaries.

Rick Baldwin reminded everyone that the scenarios for Focus Area E2 are not moving any current students and that only future growth would be reassigned. He said that there is a massive amount of future growth in the Summerlin area. He reviewed each scenario.

Rachel Wren stated she has received public comment from a couple in the Givens Elementary School's zone. She said that the couple wished AZAC was doing more to address the available seats at more schools in the entire area, however, they understood the situation with Covid-19 and the lack of being able to communicate with parents like in the past.

Matthew Tramp recapped the objectives in these scenarios is to relieve the overcrowding of Vassiliadis Elementary School and to stay two steps ahead of the future growth.
